**Ekco Group, Inc., Kellogg Brush
Manufacturing Company,
Easthampton, Massachusetts; Notice
of Termination of Certification**

This notice terminates the Certification Regarding Eligibility to Apply For Worker Adjustment Assistance issued by the Department on December 2, 1996, for all workers of Ekco Group, Inc., Kellogg Brush Manufacturing Company, Easthampton, Massachusetts. The notice of certification was published in the **Federal Register** on December 24, 1996 (61 FR 67859).

At the request of the State agency, the Department reviewed the certification for workers of Ekco Group, Inc., Kellogg Brush Manufacturing Company. Workers of the subject firm produced brooms, brushes and mops. When the worker certification was issued it was determined that the requirements of (a)(1)(B) of Section 250 were met. The company was shifting production of brooms, brushes and mops from the workers' firm to Mexico.

New information provided by the company reveals that the Ekco Group will not shift production to Mexico as originally planned, but will instead consolidate the Easthampton, Massachusetts production into Ekco's Hamilton, Ohio location.

Further investigation was conducted to determine if imports from Mexico or Canada of articles like or directly competitive with the products produced at Kellogg Brush contributed to worker separations.

Investigation findings reveal there are no company imports of brooms brushes or mops from Mexico or Canada.

The Department surveyed the major declining customers of Ekco Group, Inc. regarding their purchases of brooms, brushes and mops during 1995 and 1996. The survey revealed that none of the respondents increased their purchases of imports while decreasing their purchases from the subject firm during the relevant period.

Since there are no adversely affected workers of the subject firm, the continuation of the certification would serve no purpose and the certification has been terminated.

Signed at Washington, D.C., this 24th day of March 1997.

3. *The form number if applicable:* Not
applicable.

4. *How often is the collection
required:* Monthly.

5. *Who will be required or asked to

Applicable.

10. *Abstract:* Currently section
73.55(d)(7) requires the licensee to
establish, maintain, and update an
access authorization list monthly for
each vital area. This requirement is used
to limit unescorted access to vital areas
during nonemergency conditions to
individuals who require access in order
to perform their duties. Thus, a licensee
with ten vital areas is required to keep
ten lists. The proposed regulation will
require only one list per licensee which
